

LCSF Use Guidelines

SCHEDULING:

This is a scheduled use facility - **Permission** to use any soccer field may be requested from the **Lehigh County Sports Fields Association** by describing the request in an e-mail to sportsfields@gmail.com. Schedules are posted at LCSportsFields.org each Thursday for the following week of play.

PARKING:

Please park all vehicles facing into or away from the fields, perpendicular to the road surface. Observe handicapped parking signs. For safety reasons, certain areas have been roped off. **Do not park on the macadam along the ropes.**

PLAYERS, COACHES & SPECTATORS:

To preserve the quality of our large fields, please stay 10 feet behind the touchlines, as marked by dashed setback lines. This is to avoid wearing down the touch line. On small fields, extra players and coaches must stay off the “platform”, along with the spectators.

PRACTICE RULES:

Practice **only** on assigned field, generally **across** the field. **Do not practice in the goal mouth. Absolutely no movement of goals is permitted.** Where training nets are used, be sure to remove them from the field of play and place them beyond the setbacks at the end of the evening.
